DESCRIPTION

With its more than 136.000 m2 of land between agricultural and pine forest, this authentic Finca offers the possibility to be renovated and extended up to 320 m2 plus a basement, as well as the possibility to build a swimming pool. Its privileged situation, near San Rafael and at the beginning of the valley of Benimussa, makes it a very quiet place on a small hill from where you can see the sea in the distance.

This plot offers the opportunity to build a great house in Ibiza on a prime location on top of a hill.

The concept is to rebuild entirely a new house on the footprint of the ruins.
