DESCRIPTION

This land is located in Can Furnet, an urbanization with 24 hour security, next to Jesús and five minutes from the ports, Talamanca beach and Ibiza town. There is a 285 m2 project for a house with four bedrooms, a large living room with kitchen, garage, swimming pool and a separate guesthouse with one bedroom.

The southwest orientation and design ensure that the house enjoys natural light throughout the day. From the plot you can enjoy beautiful views of the landscape. The project is in its final phase of revision and the building license will be issued shortly. The plot is urbanized and equipped with all services (electricity, telephone, water network, sanitation, street lighting, etc.). As it is an urban property, water and electricity connections are now available.
