The pool area is a true oasis, enhanced by a large terrace surrounded by beautiful natural stone walls that ensure maximum privacy. The villa comprises five bedroom suites, each with its own private entrance, providing privacy and comfort to all occupants. Please note that the property is in need of a reform; however, a project has already been approved by the town hall. The process for obtaining the necessary licenses will take approximately 14 months, followed by a 9-month period for the reform. This presents an incredible investment opportunity, as the property holds a rental license. Upon completion of the reform, the property's value is estimated to reach around 18 million euros, boasting a total of 9 bedrooms. The new project will offer a living area of approximately 680 m².

With its expansive land size of 3000 m², built area of 440 m², and an additional 200 m² of terrace space, this Lifestyle villa promises an extraordinary living experience in one of Ibiza's most coveted locations.
