DESCRIPTION

This wonderful finca offers a wonderful natural atmosphere and a wide view of the countryside from its privileged vantage point.

It is very private, with easy access. The surrounding terraced land is a combination of the Ibiza wilderness and the earthiness of land that is carefully tended. The property has its own water supply, 170 fruit trees and a registered corral. There is a main house, a traditional building with three bedrooms and one bathroom, and four complete apartments. An attractive pool area with sunbathing lawn and sun loungers provides an ideal setting for rest and relaxation.
