DESCRIPTION

Experience ultimate comfort in this stunning designer apartment, meticulously renovated by a renowned Barcelona architect using top-tier materials. With private access from its covered garage for two cars (including a Tesla charger), you'll enjoy complete independence—no shared spaces or elevators.

This exceptional home blends elegance with state-of-the-art technology: underfloor heating, ducted air conditioning, and purified water through a softening and osmosis system. The outdoor areas are truly remarkable, featuring a beautifully landscaped 300 m² terrace with a heated 10-meter infinity pool and a 100 m² deck, perfect for outdoor living.

Inside, impeccable interiors showcase luxurious furnishings, a sleek black glass wardrobe in the master suite, and a spa-like bathroom with a rain shower and a handcrafted bathtub. Additionally, a fully equipped gym with cutting-edge machines completes this extraordinary residence.

A one-of-a-kind property for those who appreciate design, privacy, and comfort. Contact us for more details!
