DESCRIPTION

Ideally located on the edge of **Es Pujols**, in a peaceful and easily accessible residential area, this attractive apartment is only a short walk from the beach. From the building, picturesque paths lead directly through Formentera's stunning sand dunes to the coastline, allowing residents to reach the sea without even passing through the village.

The property offers **two bedrooms, one bathroom, a separate kitchen, a bright living and dining area, a private terrace, and a parking space**, providing a comfortable and practical layout for both holiday use and longer stays.

One of its most valuable features is its **tourist rental license**, an increasingly rare and highly sought-after asset in the Balearic Islands. This allows the owner not only to enjoy the property as a private retreat but also to generate attractive rental income during periods when it is not in use.

Combining an excellent location close to some of Formentera's most beautiful beaches with the added benefit of a tourist license, this property represents an outstanding opportunity for both private buyers and investors seeking a versatile asset with strong rental potential. **License number: ET-31PL**
